

How to develop evidence and commissioning for your medical device

The Centre at Birchwood Park

Are you:

- A Medical or Health Technology Small to Medium Enterprise
- Wanting your devices to be trialled or evaluated
- Unsure on how to get your products procured by the NHS

If so, the North West Surgical Trials Centre, in collaboration with both the Greater Manchester and North West Coast Academic Health Science Networks is holding a must attend event on.

*****Friday 23rd June 2017*****

This **KEY EVENT** will feature informative talks from:

- NWSTC - Evidence needs and how we can assist with gathering it
- AHSNs - NHS device procurement and accelerated access to it
- NICE - How to develop evidence for your product
- NOCRI - their STEP collaboration with RCSEng and the value it gives
- INNOVATE UK - Funding and opportunities available to you
- Surgeons and companies - exemplars of successful collaborations

Plus sessions to discuss trial ideas, the mechanics of setting up studies and networking opportunities.

This is a **FREE EVENT**, but booking is essential. Parking, lunch and refreshments are included with our compliments. Venue is in Warrington and is conveniently located for motorway and rail networks.

To book a place, email nwstc@liverpool.ac.uk
