

# Better Trials Make Better Surgeons

Are you:

- An **Orthopaedic, Urology** or **General** surgical trainee?
- Interested in improving your surgical research?
- Motivated to learn more about the importance and development of clinical trials?

If so, the North West Surgical Trials Centre is once again running it's free afternoon workshop that is **ideal for your career development.**

The afternoon will feature inspiring talks from:

- **Amar Rangan** - Professor of Orthopaedic Surgery
- **Grant Stewart** - Consultant Urological Surgeon
- **Jane Blazeby** - Professor of Surgery
- Other Experienced and Senior Trialists
- Enthusiastic surgical researchers **like you** who have achieved funding with the assistance of NWSTC

**Plus** sessions to discuss trial ideas, the mechanics of setting up studies and training and development to assist you in taking your project and career further.

For more details or **to book a place**, please contact:

Tony.Coffey@liverpool.ac.uk or 0151 794 8974

## The Centre at Birchwood Park

Friday 17th June 2016, 12pm - 5pm
